## FROM BEGINNERS TO SEASONED PROS

**F**or most events you need some degree of mobility and eye-hand coordination. Seriously, we provide any orientation and training you will need. We take special pride in helping volunteers build quality trails from their first trail event.

Volunteers for Outdoor Arizona caters to busy people who nonetheless want to volunteer for habitat restoration and trail projects. VOAz volunteer events provide you with the opportunity to "give something back," meet others who share your commitment to environmental stewardship and love of

the outdoors, or just get outside and do a little manual labor.

VOAz aims to provide you with the best possible outdoor volunteering experience by carefully planning and preparing for each event.

Join us for a good day's work or a weekend camp-over. Choose an event that suits your abilities, and have a fun and productive experience - kudos included.

At the end of the day you can revel in the warm-fuzzies that come from doing the right thing.

# Enjoy Arizona in a whole new way with Volunteers for Outdoor Arizona.

**H**ands-on work to restore and protect native habitat enhances the integrity of local ecosystems. This can contribute to everything from cleaner water to greater opportunities for people to experience the joy of nature.

**We help to promote** a sense of personal responsibility for Arizona's public outdoor places and facilitate its expression through volunteerism. The combination of population growth in Arizona and reductions in the budget and staff of land management agencies threatens the ability to accommodate both outdoor recreation and tourism while still preserving natural and historic places.

One of the best ways to express a commitment to preserve outdoor Arizona is to volunteer. We recognize that there are many worthy projects to undertake and many more volunteers to mobilize. It is only with you that we can do this.

**Successful partnerships** with public and private organizations allow us to support the restoration of habitat and historical sites, as well as build and maintain interpretive, recreational, and wheel-chair accessible trails in both urban and rural areas.

A quality volunteer experience is our goal so that dedicated individuals will continue promoting environmental stewardship.

Donate your time to volunteer work that makes a difference.
